GBT

GBT is a visionary enterprise with a team of bakery experts. We are able to look back on decades of experience in the development of industrial bread baking plants, baguette baking plants, speciality bread plants, tunnel ovens and conveying systems.

In the product sortiment are among others dough divider, dough weighter, moulderers and intermediate- and final proofers. Our comprehensive service consists of: consulting, planning conception, project management, manufacturing, shop and site assembly, commissioning (including training, maintenance & service) and after sales service.
